"COLD AS ALASKY"

It's as cold up here as Alaska! This exclamation uttered by one of the members of Irwin Willat's crew—a man who talked with a broad accent, gave the producer the idea to christen the spot "Jesse Alasky" in honor of Jesse L. Lasky, vice president of Famous Players-Lasky Corporation, and a leading executive in the production of Paramount pictures. Willat and his company were up at Huntington

Lake about 300 miles from Los Angeles, to film the snow scenes for his latest production for Paramount "The Shen Call," featuring Dorothy Dalton and showing Saturday, March 10, at the Torrance theater. To carry out his idea, Willat had a sign prepared and tacked up on the snow-bound shack used in the scene and the site was ceremoniously christened "Jesse Alasky."

Carl Lake To Be Brought To City

City Marshal B. M. Anderson of Torrance left for Shreveport, La., Monday last armed with extradition papers signed by Governor Richardson for the return here of Carl Lake, accused of passing worthless checks and the alleged theft of an automobile. Informed a few days ago by the Shreveport police that Lake had been arrested in that city, where he would be held pending the arrival of an officer from Torrance, Anderson made a hurried trip to Sacramento where he secured the necessary papers for the extradition of the prisoner. It is expected that Anderson will be absent about ten days and that upon his return Lake will be given a preliminary hearing before Police Judge King and if the evidence warrants, will be bound over to the superior court for trial.

LIKES TORRANCE

Payallup, Wash, Feb. 20, 1923. Torrance Terrell, Torrance, California. Gentlemen:

Early in January I made a hurried trip to Torrance to visit relatives and was so much impressed with the possibilities of your favored district that I made a more hurried trip back to Washington to try and close up my affairs and move my family to Torrance. Your valued paper keeps me sufficiently keyed up in the interval, receiving it by mail weekly as I do.

The roads are now getting in better shape so that we will no doubt be on our way by March 1, to cast our lot with the city of Torrance, which means business. I was in the whirlpool for a few days while there, and had a hard time getting out as I wanted to take my coat off, roll up my sleeves as it were, and get busy without loss of time. The success of your community will be mine also just to the extent of what I give to it, and I hope I will not be found wanting.

Sincerely yours, DAN M. SINCLAIR.

FROM HUNTINGTON BEACH

The Murray Pool Hall and barber shop, located on El Prado opposite the Chamber of Commerce has changed hands during the past week and is now being conducted by L. Koppl, formerly of Huntington Beach.

In casting about Southern California for a city "with a future" Mr. Koppl decided some time ago that Torrance filled the bill and has been for several weeks seeking a business opening here. In the purchase of the place of this kind conducted along proper lines is a decided asset to the town, giving its men folks, many of whom live in hotels or apartments, an opportunity to spend an evening at pool or billiards with their friends amid pleasant surroundings. Several changes in the conduct and equipment of the parlor are contemplated by the new owner.

LADIES' AID

The Ladies' Aid Society of the M. E. church will have two food sales beginning at 12 o'clock, Saturday, March 3; one will be at the Rock Bottom store and the other will be in the other end of town.

PREACHER TO LEAVE

Rev. Gordon A. Reagler preached his last sermon in Torrance a week ago Sunday. He has shown a gentle, Christian spirit while among us. Out of the darkness gleamed a star, to guide the wise men from afar. Now many a bright reflected ray, still shines to cheer his heart today.

Mrs. W. E. Laven, Mrs. A. B. Denny and Mrs. Ray Richards, committee from the Torrance P.-T. A., surprised the children in Mrs. Martin Russell's room Monday noon by giving them a part for having the most mothers present at the last P.-T. A. meeting.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more sneezing, hawking, mucous discharge, dryness or headache; go struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

KEEPING STEP WITH THE AMERICAN LEGION AUXILIARY

The American Legion Auxiliary held its regular semi-monthly meeting on Monday evening, Feb. 26, in the club room at Legion hall. There was a wonderful attendance, and after a lively and interesting business meeting, final plans were made for the St. Patrick's day dance to be staged by the Auxiliary. Two new members, Miss Clara M. Jones, and Mrs. Mary E. Frerger, joined the organization. After the unit joined the post for a social hour, refreshments were served, in charge of Mrs. A. Greiner and Mrs. R. Leetz.

The welfare committee made their usual visit to Compton Sanatorium, taking magazines and grafanols records to the 40 ex-service men who are patients there and in charge of the Torrance unit. Both magazines and records were greatly appreciated by the boys. You who have magazines you have read and records of which you have grown tired, don't forget the ex-service men at Compton. Mrs. J. W. Post may be notified if you have some to send.

There is a membership drive on in the Auxiliary at this time, and all residents of Torrance eligible to this organization are cordially invited to visit with us, in view of becoming a member. For application for membership see Mrs. Ellis Harder, chairman of membership committee, or Margaret Rees, secretary.

The Auxiliary regrets very much that the flag pole is broken so that it is impossible to fly the town flag, but just as soon as a steeple jack can be engaged to fix the pole, Old Glory, heretofore so faithfully cared for by the Boy Scouts, will be flying again.

BUILD A SCOUT HALL

(By Scotty)

At present the Boy Scouts are very much hampered for the lack of a hall. They should have a place of their own where their meetings could be held regularly and their scouting equipment could be kept. This hall would also be their museum. The American Legion has done a lot towards helping the boys but their hall is so busy that conflicting dates often interfere with the meetings.

Our town, of which we are all so proud, is not made up of brick, stone or wood, but made of the combined spirit of all those who call it home. To have our boys work towards that high ideal of the Scout oath will surely pay the town back not only in terms of money but in better men. The oath reads as follows: "On my honor I will do my best to do my duty to God, to my country and obey the Scout laws, to keep myself physically strong, mentally awake and morally straight."

The American Legion boys deserve a big lot of credit. Very few if any of them have boys of scouting age and yet they are interested in making our men of tomorrow better citizens. If our dads would get busy now and all work together we would soon have whatever we want. A good fat bank roll is a big comfort for old age but a stalwart one hundred per cent American son will be worth more.

Visit the Scout meetings. Troop No. 1 meets on Wednesday evenings and Troop No. 2 on Thursday evenings. Your presence there means a big lot. It shows the scoutmasters that you are interested and it will help the boys. You can help a scoutmaster wonderfully by telling him that "Johnnie" is just a little better since he took up scouting. You may have some idea of how we are to get that Scout hall. Let's all get our shoulders to the wheel and give the boys what we would have liked to have when we were kids.

There is another point of interest to those who look at everything from a standpoint of dollars and cents. Already our town has become a center for the scouts of the surrounding towns. Every other month a rally is held here in which the Scouts of four different towns participate. Isn't that an advertisement for Torrance?

Mrs. R. E. Mann of Western Avenue Gardens, formerly of Kern Court, has gone east to visit her mother, who has been ill for some time.

Mr. and Mrs. J. G. Gay and sons were San Bernardino visitors for three days last week. They attended the orange show while there.

Mr. and Mrs. F. H. Rees of Vista Highlands were Los Angeles visitors Saturday afternoon and evening.

Miss Addie Coker returned to Los Angeles Monday to take up her duties in the telephone exchange after being ill with influenza for several weeks.

Mrs. Anna Coker of Portola avenue was operated on at the Methodist hospital in Los Angeles Friday morning. She is recovering nicely and will be home in about two weeks.

KEYSTONE NEWS

Great headway was made on the new hall last week. The frame is all up and half of the rafters are in place. Everything is cut and ready to nail together. If you can drive nails come over for at least half a day Sunday and help get the rafters on. The heavy work is about over, three hours will finish it up. Mr. Sleppy is in Fresno at present.

Mrs. Kinder arrived back in Keystone last week to close the sale of their property on Main street boulevard. Mr. Kinder remained in Colorado, as his health is improving rapidly and he did not want to get in our foggy, cool morning air.

The social committee's quilt is at Mrs. Sleppys. It is more than half quilted now and is sure a beauty. It is really too good a quilt to get for a small dime, nevertheless somebody will get it at that price.

Tomorrow evening is the regular meeting night of the Keystone Chamber of Commerce. The last one to be held at Mrs. Sleppy's. We have been well taken care of at this home and although we have caused lots of work and worry we have always been welcome. Now that we are on our last meeting here we should try to make it the biggest and best meeting of all. Next month we start off in our new hall with new vim and vigor and much should be accomplished. Don't forget the hall Sunday, and refreshments Saturday night.

SAN GABRIEL MECCA FOR MISSION PLAY TOURISTS

People throughout all Southern California have come to make Saturday and Sunday pilgrimages to old San Gabriel a habit. The auto park of the Mission Play on a Saturday and Sunday afternoon shelters machines in large numbers from every town and city south of Santa Barbara.

Having passed its two thousandth performance, thus breaking the world's record for the run of any play, the Mission Play has started out stronger than ever to pile up another thousand performances. The play is better than it ever was before, and this is saving a great deal.

Tourists and visitors in Southern California crowd the old Mission playhouse in vast numbers every day. And they all go away saying that the Mission Play is the greatest play they have ever witnessed. And a compliment like this, coming from New Yorkers, Chicagoans, Bostoners, and Londoners is a compliment indeed.

Southern California has a right to feel proud of the fact that it has produced and maintains year after year the greatest dramatic spectacle the stage has ever witnessed.
